Notes

This is an original story. All the characters in this story are mine.

It was around the 1950s. It was a few years before the space race started. A silver spacecraft was heading toward Earth. Soon, it reach the planet and enter into the sky. Since it was night, no one saw it when it landed somewhere in the United States. The door opened and an ape like being came out. It walked toward a town. The creature reach the town as the sun rise. It walk though town not encountering anyone. Then it saw a woman of the night. She was wearing a black dress. She was thinking about the money that she has made. The black haired woman was sighted by the creature. The creature grabbed the woman and took her to a nearby park. He removed her clothes and lay her body down. She screamed when she realized what the creature has plan for her. He pressed his body onto her body. She tried to fight it, but the creature, who happen to be a male, was stronger than her. She felt his penis going into her body. It grew inside her body and a white liquid came out of it and into her body. Then, the creature turned himself and the woman that he has raped into a ball of white energy. Then it flew away before anyone can see it. It flew high in the sky and flew toward the silver spacecraft. It landed near the spacecraft and turned back into the creature and the now naked woman.

“What are you going to do to me, now?” asked the woman. She got her answer when he went into her mind.

“We are going into my spacecraft and you’re going to become my sexual toy. I knew that you usually sell your body for payment. Now, you’re going to give your body to me for the rest of your life,” said the creature inside the mind of the woman. She screamed as he dragged her naked body into his spacecraft. The door closed and the spacecraft went into the sky. Soon, it was in outer space getting very far from Earth. The woman, who was a whore, has disappeared from the Earth. There was no search for her, because she was a whore. As a result, she stayed with the creature, making him happy, and being his sex toy. She will remain that until her death, and that will be a long time before that happens. The end, for now.
