Narrow

Angela couldn't believe it. She hadn't even been on Enterprise a week, and Kirk wanted her to spend the night in his cabin. Visions of Lieutenant's stripes spun in her head. Plus she'd heard certain rumors. She'd be a fool to decline the invitation. So she accepted.

The door closed behind them. She was alone with him! Butterflies fluttered in her stomach. Was she making a mistake? She thought of the Lieutenant's stripes again and decided she wasn't.

He kissed her until she couldn't breathe, then tore off her clothes. Suddenly he was inside of her, hot and hard.

She watched the look of surprise on his face when he saw the blood. He hadn't expected her to be a virgin.

The pain made her gasp, but she didn't care. The rumors she'd heard were true. He was *incredible*!

When she suggested they take it to the floor, he agreed. The bed was too damn narrow.
